

Ahead. It's the best place to be.

Move your business forward with apps from the Okuma App Store.

What do you need to improve the way you do business? Whether it's something simple like receiving alarms when you're away from your shop floor or more complex like keeping track of time in your part programs, the Okuma App Store gives you access to easily downloadable solutions that can have a real impact on your bottom line. Our open architecture platform (OSP-P) is unique to the machine-tool industry and connects you to a diverse library of the latest software, hardware, and systems apps from both Okuma and our partner companies.

In today's world, everybody's looking for an edge, but not everybody knows where to find it. **Now you do.**

Go to myokuma.com and discover the apps that will help put you ahead of your competition, and keep you there.

Progress Happens Here The Okuma App Store

- Easily download ready-to-use apps developed by industry experts from Okuma, partner companies and every day Okuma users.
- All Okuma Apps, regardless of source, have been tested and approved for use by Okuma engineers.
- Okuma's exclusive open OSP-P control platform keeps you plugged into the latest hardware, software and data-driven apps.
- Integrating Okuma apps is similar to installing software on a personal computer — it's not complicated! Want proof? Go to okuma.com/app-install and see for yourself.
- If you don't see the app or apps you're looking for in the Okuma App Store, you can try your hand at developing your own, or you can work with your local distributor to have one custom-made for you.

Ideas From Everywhere The Power of Open Architecture

OSP-P control is Okuma's revolutionary open architecture control. It's simple, reliable, and due to its open nature, gives you access to a warehouse of apps that are constantly being updated by people with years of experience in the Okuma community. OSP-P control puts you in touch with the latest and most progressive solutions as they become available, making technological advancement fast, easy and surprisingly consistent.
